Village of Silverton,  
Council

We are very pleased to report that the archival material the Silverton Council transferred to the Silverly Slocan Historical Society last fall has been properly dealt with. We used Society funds to pay Linda Wills, the roving archivist from Vernon, to come to our facility April 1 to 5. With up to five volunteers on hand every day, she was able to guide us through the processing of the textual records, sorting, filing and recording them as 'fonds' collections and then placing them in archivally safe storage boxes. It was a tremendous job to accomplish under the guidance of a professional. We have applied for a grant to have Linda Wills come back to sort and accession the maps from both the former Silverton Historical Society and those held by the Silverly Slocan Historical Society.

Thank you so much for your decision to transfer the archival material to the Silverly Slocan Historical Society. It is a wonderful addition to our collection for the Silverly Slocan area.

Should you come across any other archival material that might have been missed, we would be very happy to incorporate that into our collection.

If, at some time, you were to consider donating the books, artifacts and photos you still have in the Gallery 'museum' space to the Silverly Slocan Historical Society, we could easily incorporate the material into our exhibits and collections. Or, if you should wish to maintain the museum space in the Gallery, with two SSHS Directors from Silverton, we feel we would be in a good position to maintain a suitable 'Silverton' exhibit, if the area were secure. For example, you had spoken about possibly having an open 'by donation' display area in that space, for the benefit of visitors who have stopped to view the outdoor museum.

Thank you again for transferring the Silverton Historical Society Archives to the Silverly Slocan Historical Society.

Sincerely,

Henning von Krogh
