

CLEAN, SAFE, RELIABLE

DRINKING WATER

for **EVERYONE**

IS A GOAL SHARED BY EVERYONE

In partnership with Interior Health, [Be The Change Group](https://drinkingwaterforeveryone.ca/) created <https://drinkingwaterforeveryone.ca/>. On this site, there are all current water advisories in an interactive map, educational videos about what an advisory means, and how the water systems work in your community.

On the site there are also two reports available for download

BE THE CHANGE GROUP INC. REPORT:

This report, written by a third party consultant, examines knowledge regarding safe drinking water among community members, water suppliers, water operators, and environmental health officers in our region.

DRINKING WATER IN INTERIOR HEALTH:

An Assessment of Drinking Water Systems, Risks to Public Health, and Recommendations for Improvement
