Dear Silverton Residents,

The Village of Silverton received a fully funded Disaster Risk Reduction - Climate Adaptation 2023-2024 grant, through the Community Emergency Preparedness Fund. On Oct.23, 2024, work will begin with preliminary, conceptual, design - this is the assessment and investigation phase for the Village of Silverton Dike Project. Attached is a map outlining the area of assessment. The area of investigative work will take place on Silverton Road above the Silverton bridge (highway}. No Village of Silverton private property will be directly affected. A small crew and truck will be in the area completing core samples. These samples will be analyzed to provide data for recommendations on the next phase of the works.

A handwritten signature in black ink, appearing to read "G. Li", is written over a horizontal line.

Interim Chief Financial Officer
